

ACCOUNTING FOR SUCCESS

CONTENTS

Foreword	v
Part 1: Reading And Annotating A Case	1
Identify The Case Parameters	
Flesh Out Useful Information	
Annotating A Case Efficiently	
Part 2: Planning One's Answer	15
Validate What Is Required/The Requirements	
Determining The Importance Of Topics To Be Analyzed	
Crafting One's Answer	
Part 3: Drafting Relevant Ideas	29
Taking Into Account The Case Facts	
Adopting A Systematic Approach	
Integrating Ideas To The Case	
Part 4: Drafting New Ideas	43
Minimizing Repetitions Of The Case	
Diversify The Ideas Put Forth In The Answer	
Knowing How To Submit Recommendations And Conclusions	
Part 5: Expressing One's Ideas Efficiently	57
Prioritizing Substance Over Form	
Use An Appropriate Drafting Style	
Exhibit A Proper Attitude	
Part 6: Making Proper Calculations	71
Determining The Calculation To Be Made	
Using The Results Of A Calculation	
Presenting One's Calculations Efficiently	

ACCOUNTING FOR SUCCESS

CONTENTS (continued)

Part 7: Analyzing A Simulated Case	85
Do Not Lose Sight Of The Case Parameters	
Understanding The Ideas Set Out In The Proposed Solution	
Analyzing The Marking Guide	
Part 8: Assessing The Performance Of An Answer	99
Distinguishing Relevant And New Ideas	
Determining The Performance Level Achieved	
Appreciating One's Performance	
Part 9: Acquiring Knowledge And Experience	113
Fleshing Out The Fundamentals Of The Case(s) Simulated	
Assessing One's Progress Over Time	
Conducting A Comparative Analysis Of Simulated Cases	
Part 10: Putting The Means For Success On Your Side	127
Flesh Out The Analytical Structures	
Building Info-Cards	
Fleshing Out Theoretical Concepts	
Conclusion	141
Appendix A: Digital Future Technologies (DFT)	A1
